

Foundation Apprenticeship

Get Your Future on track

Social Services and Healthcare
2020-2022

Aim High

Get A Head Start

A Foundation Apprenticeship prepares you for the world of work and gives you more choices when you leave school:

GO STRAIGHT INTO A CAREER

- » You will get real-life work experience with top employers
- » Gain the skills employers want

FAST TRACK ON TO A MODERN APPRENTICESHIP

- » Learn on the job
- » Get valuable industry experience
- » You will complete units from a Modern apprenticeship which will give you a head start
- » Fast track on to a Modern apprenticeship by completing parts of the qualification during your Foundation apprenticeship studies

COLLEGE OR UNIVERSITY

- » Gain an industry accredited qualification alongside your school studies to enhance your college or ucaS application
- » complete an Hnc or a Ba in a related subject
- » Foundation apprenticeships are recognised by most Scottish universities as a higher equivalent

A GRADUATE APPRENTICESHIP

- » take your studies to a higher level. You will already have experience learning through work
- » earn while you learn

Foundation apprenticeships allow pupils to gain valuable real-world work experience and gain an additional industry recognised qualification whilst still at school.

- > It counts as one of your subject choices.
- > You will develop the skills employers are looking for and build your confidence too.
- > Pupil travel to training provider/work placement is funded.

HOW DOES IT WORK?

Foundation apprenticeships are studied over two years. Pupils attend their training provider two afternoons per week and undertake a work placement with an employer. It's an opportunity to try out a career and see if it's right for you while you are still at school. Some delivery models may vary depending on the requirements of the specific Skill area

Foundation Apprenticeship:

School + Training Provider + Work Experience = **WORK READY**

Foundation Apprenticeship Social Services and Healthcare

Who is it for?

The Foundation apprenticeship in Social Services and Healthcare is a two year course open to you in S5-6. You can take a Foundation apprenticeship as one of your senior subject choices. You'll get the chance to learn in a real workplace and develop the new skills your future employers need, giving you a competitive edge while you're still at school.

You will need to be ready for working and studying at ScQF Level 6 (Higher equivalent) but in a vocational setting. The requirements of the course are set out below. Attainment will be measured by ongoing assessment and throughout an employer work placement.

How does it work?

1. You'll get time out of the classroom and complete an extended work placement with a top local employer interested in hiring young people.
2. Your Foundation apprenticeship course will combine hands-on learning with essential knowledge, which you'll get the chance to apply on your work placement.
3. It fits alongside your other subjects in your senior timetable.

What are the benefits?

1. It's the same level of learning as a Higher (ScQF6). The difference is that you are assessed as you go along, so there's no final exam.
2. The time you spend on your placement will give you technical workplace knowledge, plus confidence, communication and teamwork skills.
3. You can use your Foundation apprenticeship to get into a Modern apprenticeship, Graduate apprenticeship, or straight to work. It also counts as one of your entry qualifications into all colleges and universities across Scotland.

What's the qualification?

You'll gain a Foundation apprenticeship in Social Services and Healthcare, which is the same level of learning as an SQA Higher (ScQF level 6).

This includes:

- A National Progression Award (NPA) in Social Services and Healthcare, at ScQF level 6
- Core units of an SVQ in Social Services and Healthcare, at ScQF level 6
- A work placement

What will I learn?

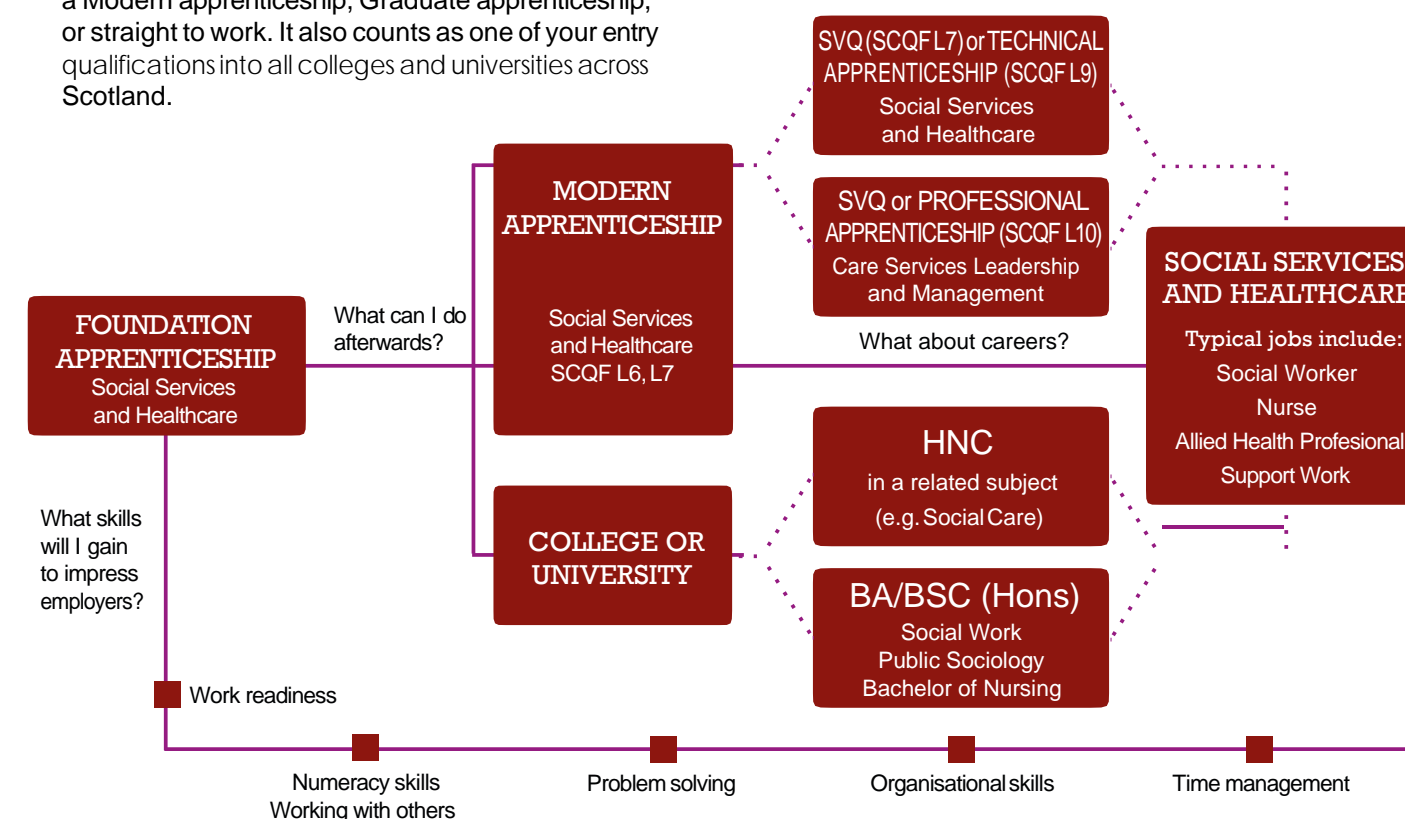

Your NPA in Social Services and Healthcare will cover the following topics:

- Social Services in Scotland
- Safeguarding People
- Communication in Care Relationships
- Safe Practice and Wellbeing in Social Services
- Human Development and Social Influences

Your Foundation apprenticeship will also help you to develop core skills valued by employers, particularly:

- Communication,
- Problem Solving,
- Time management, and
- Working with Others

These transferable skills are necessary and highly desirable for working in a range of other related jobs.

Where could it take me?

Your Foundation apprenticeship gives you lots of options: it's up to you where you go next.

- A Modern Apprenticeship: On completing your Foundation apprenticeship, you'll have already achieved core units which can help you progress to the Modern apprenticeship in Social Services and Healthcare giving you a head start.
- Further Education: Continue your studies at college, with an HNC or HND in a social services subject. Your workplace experience will support your college application.
- University: Foundation Apprenticeships are recognised as equivalent to SQA Highers by all Scottish universities for most of their courses. You'll already have quality experience in the industry – this will make your UCAS stand out from the crowd.
- Straight to a job: Use your qualification and work experience to find a job in the social services industry.

Entry Requirement

- Achieved or working towards National 5 Mathematics and English
- The ability to work towards a SCQF Level 6 (Higher) qualification
- An interest in developing greater awareness of the industry or considering a career in the care sector

Where will the qualification be delivered?

The Social Services and Healthcare Foundation apprenticeship will be delivered in Midlothian at a suitable training venue. Midlothian Council (CLL) will cover the cost of all travel to and from the delivery venue and your work placement.

Who will deliver the course?

The course will be delivered by Midlothian Council's Learning and Development (L&D) Department through the accredited

SVQ Assessment Centre. Their Assessors who have many years' experience of delivering qualifications in this subject area. L&D are an SQA Accredited Centre.

How will the course be delivered?

The first year of the course will be a blended learning approach, classroom based in order to develop knowledge needed for the world of work and in doing so, working towards the National Progression Award. There will also be an equal element of work experience in the first year. The second year will also cover workplace learning and development to enable workplace competence. Also accreditation of specific unit areas which are classroom based. The course will be delivered on Tuesday and Thursday afternoons.

How long is the course?

The course delivered over two academic Years – so you will be committing to studying through S5 and S6

How many places are available?

20

How can I apply?

Talk to your Guidance teacher, SDS Careers Adviser in school or e-mail CLL on:
