ART AND DESIGN

"I enjoy taking Art in the senior phase as you have the freedom to choose your own themes and develop lots more skills."

"Art and Design helps you experience the sharing of your interests with creativity and passion."

Why chose Art and Design?

Art and Design features in many aspects of our everyday lives, from the advertising posters we see on our streets to the special effects we see in films. Almost everything we see or touch has been designed to be visually attractive including mobile phones, clothes, cars, buildings and websites.

Our practical, hands-on courses are designed to encourage pupils to explore a range of materials and techniques, whilst developing creativity and imagination. Within Art and Design courses, you can develop the skills needed in many different careers, such as; architecture, interior design, fashion and textiles, graphics, web design and photography.
